## Democcatic Northwest.

WESTERN LETTER.

[Special Correspondence of the Northwest.] In conformity with request before weeks and scrutinizing observation of only give the facts as they were. people, country and crops, a brief description may be of some interest to at ern lowa, where we found a very fine

least a portion of your readers. Bidding a short adieu to family and friends, took the fast line Sunday eve., June 12th, at Liberty Center, for a Youngs doctrine of polygamy.robbery, tour into Missouri, Iowa and Wiscon- murder and plunder, returning to the sin; arriving at Memphis, Mo., next States and setting upon their own hook evening about 6 p. m., our first stoppat Keokuk four hours, during which period we took a promenade about the city. It stands high above the waters of the Mississippi, containing some fine business blocks and costly dwellings, with every appearance of an enterpris ing people. To ascend the bluffs a hundred feet or so above the river, sidewalks were erected into flights of stairs out of the question in this part of ied a tax upon some of the spare musele to reach the summit, but when done found ourselves overlooking houses, trees and streets below at a dizzy hight in a fair birdseve view of the river. and rafts of lumber and timber floating upon its muddy surface to a market down stream, perhaps to the gulf.

But to go back to Springfield, Ill. where we found ourselves emerging from a nightly cot of a Pullman sleep er, the first noticeable thing beheld was water on every side, in streets and fields, the result of heavy showers during the night, which had kept us com- fall sowing as before mentioned. pany from Ft. Wayne since ten o'clock the previous evening. While remaining there for a short time the atrocious crime of the murder of Lincoln came rushing through our mind with renewed vividedness as if his spirit was floating in the breeze to remind us that we prairie farms where once stood not a were stopping at his former home and tree or bush to break the winds or present resting place. In passing guide the traveler on his way, now further on the same trace of heavy rains were visible and no less acceptable, it being the breaking up of a continuous drouth for some weeks. Much to our own disappointment corn was no for natures original gift that had been more forward than in Henry county, except now and then an isolated piece, and some just emerging from the earth and still other pieces just marked for planting. The wheat was almost a failure here, far more weeds than grain age and delay to travelers. A horse on the flat prairies, as if winter killed or drowned out, and caused a feeling standing under a small cottonwood, but of gladness that Henry county was no a few rods from the door where we despisable place where farmer's crops were stopping, through curiosity I rewere about as sure as the season itself.

Will commence again at Memphis, where we found a very rolling country tree. Such are the freaks of the elecinterspersed with timber and prairie tric fluid. lands, comparatively new or resettled Our present stopping is Stockbridge, since the war, and a very good soil. Wisconsin, near Winnebago lake, a

capital. Having been previously informed iving in this place, who had gained a have chanced to meet, and general pooccasions during our stay. Individual- in the west with horror stricken counly for myself my object was to learn tenances by men of all parties, every what it really might be, and treating attempted the murder of another Presthis as I would any other business ident of the United States. And with ported spirits, and to guard myself common expression was heard throughthoroughly against any possibility of out. Having already tresspassed upon any other living person, machinery or your columns too long I conclude for beside the medium himself, I made friends. thorough examination of the closet, only about four feet square, projecting flush into the room from an outer wall of the house in second story with no place of ingress or egress, except through the door, and knowing for myself that this closet contained nothing but a plain wood bottom chair and foot stool, the medium was allowed to the rush of the electrical fluid through enter and locked in with no light in the air. closet. In a few moments I was called to the door and notified that I had several spirit friends there that wished to posite electricities approach, the forces see me. I answered promptly that I rush to each other, and combine in a was ready to meet them. I was stand- state of equilibrium. ing close to the closet door through which there was an aperature with cur- movement of the forces of electricity? tains, when a young lady raised the curtain from within and presented her ble to convey the great charges of elecface within a foot of my own. Facts and Figures. The average of human life is about

hirty-three years. The mean depth of the sea is from

four to five miles. It rains three times as often in Ire-

and as it does in Italy. There are about one hundred thous-

and Shakers in the United States. Oysters to the value of £6,000,000 are said to be consumed annually in

Great Britain.

The American Bible Society, since its formation, sixty-one years ago, has issued 38,882,811 copies of the Bible.

The coinage of the United State Mints for April aggregates 6,064,100 pieces, valued at \$11,258,900. In 1830, the native Christians in In-

lia, Burmah and North and South Ceylon numbered 27,000. Last October there were 460,000. The traveling expenses of the 100.

000 drummers employed by the mer chants of the United States are \$120. 000,000 a year, exclusive of salaries. While in England, thirty; Germany, fourteen, and in France thirteen letters

One hundred and thirty-nine millions of tickets were used on the French railways during 1880. One out of ev ery 7,000,000 of passengers was killed

by accident. During the last fifteen years of slavery the South raised 46,675,591 boles of cotton. During the first fifteen years of freedom, that is, from 1865 to 1880, the number of bales produced

was 56,438,335. Official statistics show that during the past ten years the annual production of buckwheat in the United States has increased about 2,000,000 bushels. Barley has increased 15,000,000 bushels, and rye 3,000,000 in the same pe

riod. The surface of our bodies is covered with scales like a fish; a single grain of sand would cover 150 of these scales, and yet a scale covers 500 pores. Through these narrow openings the perspiration forces itself like water through a sieve.

There are five cities in the world having each a population of over 1. 000,000 inhabitants-one each in Brit ain, United States, Germany, France and Austria. Then there are nine having more than 500,000 inhabitants -three in Great Britain, three in the United States, two in Russia and one in Turkey.

About 3,000 pounds of roses are re quired to produce one pound of the otto of roses. This delightful perfume is chiefly produced in Bulgaria, where the annual average production of otto between 1867 and 1871 was 400,000 meticals; that of 1873 500,000, valued at £700,000. The produce of 1880 was estimated at the value of about £1,000,000.

"PI." Josh Billings says: "There ain't no pi in natral histry that haz been et more, and thot more oft than apple pi, and no medicin kan cure indigestun and biliouseness haf so wel as Spring Blossom. Price 50 cents, trial bottles 10 cents.

The majority of the women in committing suicide take poison, while only a very small portion of them-38 in 285shoot themselves or cut their throats. The deaths of men from gunshot wounds are sixteen times those of women, from the razor over four times as many, and from the rope nearly five times.

Prof. Robert Odlum, of the Natatorium.

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

Fairs and RCRS.

No Preparation on earth equals St. Jacoss Ort.
as a safe, sure, simple and cheep External
liemedy. A trial cotails but the comparatively
trifling outlay of 50 Cents, and every one suffering
with pain can have cheap and positive proof of its
claims.
